

Your Soul Card is Justice

People with Justice as their soul card have the ability to evaluate things. They can read between the lines, they can cut through the crap and get to the point. They are fair-minded, even tempered and good listeners. They make good critics and want to hear both sides of any story before reaching any conclusions.

In divination, Justice is about balance and reaching decisions. I've seen Justice means things from the need to follow the rules to an instance of karma. With Justice as your soul card, in order to reach your full potential you need to learn how to forgive – both yourself and others.

Below is a picture of your soul card. Spend some time looking at it and if you feel moved to do so, try colouring it. Pay attention to how you feel and react to this card. Please note that though this picture shows Justice numbered 11, for the purpose of determining your soul card, Justice is numbered 8 (as with both the Marseilles tarot pattern and the Thoth Tarot).
