

Your Soul Card is The Chariot

People who have The Chariot as a soul card have the ability to conquer things. You will know the thrill of victory in your life and the rush of adrenaline that comes with it.

You will enjoy overcoming the odds. You might work long hours, enjoy taking on challenging situations and stay up all night to complete projects. Taking your share of risks, others may view you as fearless but you might actually be desperately afraid of failure.

In divination, The Chariot is about control, conflict, resolution and victory. I've seen this card represent things from a car to a good performance report. With The Chariot as your soul card, in order to achieve your full potential you need to learn to balance self-esteem with the strategies you use to achieve victory. Below is a picture of your soul card. Spend some time looking at it and if you feel moved to do so, try colouring it. Pay attention to how you feel and react to this card.
