

Your Soul Card is the Heirophant

People with the Heirophant as a soul card have the ability to believe in things. They tend to live their lives by a structured system of beliefs. They usually have a strong system of morals, standards, ethics and traditions. Hunger for idealistic, patriotic or religious ideals can be a strong feature in their personality. They might need a strong structure in their lives. Public acceptance can be an issue for them - they wish to feel they 'belong'.

In divination, the Heirophant often indicates an organisation or team effort. It can also be about having faith in something – be it the product you're trying to sell or religion. I have seen this card represent things from a priest to advice to join a professional organisation.

With the Heirophant as your soul card, in order to achieve your full potential, you need to dedicate yourself to serving a higher purpose.

Below is a picture of your soul card. Spend some time looking at it and if you feel moved to do so, try colouring it. Pay attention to how you feel and react to this card.
