

Your Soul Card is the Hermit

People with the Hermit as a soul card have the ability to understand things. They often find themselves retreating from the world to be on their own – not just to rest, but often to pray or meditate, or even just to be alone with their thoughts. These are the people who chose to follow the path of wisdom. Hermits hold aloft the light so that others may follow.

In divination, the Hermit card is about seeking the truth in the situation – whether it is in love, business or spiritual concerns. I've seen this card represent things from the need to seek specialist advice to the need to get away from it all for a bit.

With the Hermit as your soul card, in order for you to achieve your full potential, you'll need to come back from your retreat to let others know what you have seen, heard, discovered and learned.

Below is a picture of your soul card. Spend some time looking at it and if you feel moved to do so, try colouring it. Pay attention to how you feel and react to this card.
