

Your Soul Card is The High Priestess

People with The High Priestess as a soul card have the ability to know or feel things. You are the kind of person who can trust your gut instincts, feelings and dreams. When in doubt you most likely go with how you feel. You might even describe yourself as psychic. You work your way through your life as if you were always on familiar territory.

In divination, The High Priestess is about intuition and secret knowledge. I've seen this card represent things from a teacher to the need to follow your instincts.

With The High Priestess as your soul card, in order to achieve your full potential, you need to learn to balance your body and your mind (or your conscious and your sub-conscious).

Below is a picture of your soul card. Spend some time looking at it and if you feel moved to do so, try colouring it. Pay attention to how you feel and react to this card.
